

MAKE THE CUT and take home the GOLDEN SCOPE

VirtaMed ArthroS™ simulator olympics 2024

Timeline

- Qualifying:** July 22 – August 9
- Round 1/Open:** August 12 – August 16
- Semi-finals:** August 19 – August 21
- Finals:** August 22 – August 23
- Winner announcement:** August 23, 2024

Participation

- Open to US residents only.
- No sign-up required; the courses will be accessible on your ArthroS™ – FAST, Knee, and Shoulder simulators from the first day of the competition.
- The simulator must be online and Connect must be active.

Qualifying round

- Simulator users must complete an introductory course using their own Connect account. This course will serve as a preliminary qualifying round to determine the representatives of each institution.
- The “Qualifying Course” is leaned on the ACGME-aligned simulation curriculum and should take approximately 20 minutes to complete.
- The top two overall performers per module from each institution will be selected to represent their organization as a team in the open, semi-final, and final rounds.

1st/Open round

- All teams will compete in a general pool with 3 exercises. Each team will strive for the highest overall score.
- The “cut line” to advance to the semi-final round is 6th place. All competitors below 6th place will be eliminated.

Semi-finals (6 teams)

- The remaining contestants will compete in 2 exercises.
- The “cut line” to advance to the final round is 3rd place. All competitors below 3rd place will be eliminated.

Finals (3 Teams)

- The remaining contestants will compete in 1 exercise.
- The highest score wins; in the case of a tie, the shortest exercise duration will determine the winner.
- Only 1 team per module will be crowned champion.
